

BPT CARDIOLOGY 2024

The Victorian Heart Institute is pleased to extend the training opportunities for basic physician trainees (BPTs) preparing to sit The Royal Australasian College of Physician (RACP) written and clinical examination by launching BPT Cardiology in 2024.

BPT Cardiology provides BPTs across Australia and New Zealand with an excellent opportunity to update their knowledge in various disciplines of cardiology to assist with exam preparation as well as clinical practice.
